

August 15, 2006

Dear Earl,

I would like to thank you and your team in doing such a great job in the restoration of our log home. After you completed the work, we truly had a new home. I sent you a CD of the before and after pictures and the transformation of our home was remarkable. As you know, our home is on Lake Sinclair and it is not uncommon for people to stop by in their boats to make a positive remark or do a U-turn in our cove for a second look at our beautiful home. We are absolutely thrilled with the work.

More important, my wife and I both agreed that this was the best experience that we have ever had in dealing with a service provider. You took the time to come out to our home to assess the work, showed us a video so we knew what to expect, and you then took an afternoon to show us homes in Ellijay so we could select the right color and get a sense of what the house would look like. Also, your wife, Carrie was a great help in setting up appointments and answering questions.

The team that you brought to do the work was great. They went out of their way to do a great job and their work exceeded our expectations. It was obvious that the team knows what they are doing and they worked very hard and long to produce a great result. They truly wanted to please us and do a great job.

Earl, please feel free to use us as a reference. If prospective clients would like to call or come by to see our home, we would be more than happy to take the time to explain our very positive experience. You should be proud of your business and your team. We cannot thank you enough.

Sincerely,

Rod Ehmen
Lake Sinclair, GA
