To Whom It May Concern:

I wanted to write this letter and express my feelings about a contractor that I had the good fortune to deal with.

Earlier this year we purchased a cabin in Mineral Bluff. The original finish on the cabin was poor even though it was only a couple of years old. A past painter I had used back home had moved to Ellijay and had given me some bad information on refinishing the cabin. A second painter gave me an estimate. I went to a paint store where the local painters buy their paint. I was very impressed with the manager and ended up asking who the best painter was in the mountains. At first he hesitated to recommend any specific painter, but after pushing him a little he told me Earl Windsor of "Windsor Log Home Restoration Service". After talking with Earl there was no questions who I wanted to do the job.

My wife and I made a serious mistake on the cabin which Earl corrected. I always found Earl to be friendly, helpful and we never had trouble reaching him when we needed him. He certainly answers his phone.

Once again, we are very happy with our cabin. We are very pleased with it and the fairness we experienced in dealing with Earl. I find him to be a real craftsman in his trade and would recommend him to anyone without hesitation. I have already told him I want him to be our painter the next time our painting comes due.
