Windsor Painting & Log Home Restoration Services
PO Box 1963
Ellijay, Georgia 30540

To Whom It May Concern:

This is to testify to the excellent stain removal, caulking and re-staining job Earl Windsor and his crew performed on our custom log home. They completed the work ahead of schedule and within budget. Earl's personable approach, without hype or pressure, was welcomed and his advice each step of the way proved very helpful and enlightening, especially his recommendation as to color. In addition, their experience, resourcefulness and professionalism solved a major leak problem stemming from an error on the part of the original contractor. The entire experience was pleasant and ultimately gratifying. We are very pleased. I would recommend Windsor without hesitation.

Yours truly,
